**Fourth Psychiatrist Says Loeb 'Got Kick' by Discussing Franks Case With His Mother Before Arrest**

(By the Associated Press.)

Chicago, Aug. 8. — Eight college boys, finally giving way to Dr. Harold S. Hulburt, fourth of the defense's mental specialists, took the witness stand today before Judge John H. Caverly and gave testimony in support of the plea for mitigation in the case of the North Branch four.

Dr. Hulburt testified that the kidnapping and murdering of Robert Frank Loeb, the student, mostly friends of Loeb, testified as to their observations of the youths' peculiar mannerisms and mental mechanism as revealed to them on campus and in fraternity houses. They occupied the entire morning session, except for four minutes when Dr. Robert Bruce Armstrong of Charlevoix, Mich., gave evidence regarding a slight accident to Loeb in 1920.

Dr. Hulburt, going over the lives of the defendants from cradle days, concluded that the four were

Dr. Hulburt corroborated the testi-

monny by Dr. Bernard Glueck of New York, that Loeb was the actual slayer of the Franks boy. Loeb said that he struck the boy several times with a cold chisel, intending to stun him and strangle him later with the assistance

of Leopold, but that the blows were sufficient to cause death, said Dr. Hulburt.

That Loeb had discussed the Franks murder with his mother, "getting quite a kick out of it," also was testified by the psychiatrist. He revealed that Loeb saw the funeral of his victim and "felt a bit uncomfortable but not remorseful" when he saw Bobby's boy friends carry his coffin from the graves home.

Dr. Hulsburt delved into the realm of pre-natal influences in seeking causes for various defects that his 12 examinations of the youth revealed to him. He testified he had learned that Leopold's mother suffered from a physical ailment before his birth, remained an invalid, and died 17 years later, and that Loeb's mother, just before his birth, was sickly.

Clarence S. Darrow, chief counsel for the defense, said tonight that

Foreman Leopold, brother of Nathan and Allan Loeb, brother of Richard would be called but there was little prospect of them going on the stand tomorrow, as it was believed, completion of Dr. Hulburt's testimony and

Huge crowds attracted by the testimony of Lorraine Nathan, Loeb's

form a sweetheart, and the defense announced intention to call girl friends today, stormed the criminal court buildings. They met a double disappointment, however, the greater part of them failing to gain admission and those who did encounter changed plans by counsel.

## WOMAN SUFFERS LOSS OF MEMORY

Boarded Train, But Can Remember Nothing About Self—“H

**M. D." on Her Bags**

Jersey City, N. J., Aug. 8. — Suffering from an apparent temporary loss of memory, a well-dressed woman of about 28, today was taken to the GRM hospital from a Central Railroad of New Jersey train which she had boarded at Radley beach. Questions by Captain Gray of the railroad police revealed that the girl thought her brother John had played her tag on the train for her at Radley beach. Aside from that, her mind seemed to be devoid of recollection. R. W. Horsey, trainman, told police that she acted strangely shortly after the train left the beach.

Carls found in the woman's handbag have the names of E. R. Scott, wife, L. E. F. Nell and John A. Witt.

The woman is five feet, six inches

tail. Her hair is curled and she wears a brown suit with loose coffee stripes. Her bags bore the initials "H. M. D."

## GRANTS STOP CINCINNATI

Benton Knocked Out of Box in Fourth of Game New York Wins 8 to 3.

New York, Aug. 8.—The New York Giants broke Cincinnati's winning streak here today, taking an easy victory from the Reds by a score of 8 to 3. Benton was knocked out in the first inning, but the Giants kept up their pace on Sheehan.

Barnes pitched a strong game for New York until the ninth, when a fumble by Terry paved the way for three Cincinnati runs.

## TRAYNOR'S HOMER WINS.

Titanic Drive Clears Right Field Wall for Only Hit of Hurting Contest.

Philadelphia, Aug. 8.—A home run over the right field wall by Traynor in the eighth inning gave the "Sprecks" Meadows the best of a hotly contested game with "Chinkey" today. This Titanic wallop resulted in the only run of the fray, the Pirates winning by the score of 1 to 0. Both pitchers worked fast and the fielding of both supporting casts was faultless. It was one of the fastest played games of the season in the local park and required but 17 minutes over the even hour to complete.

AS CHAMPIONS PLAY IT

How do a few golfers achieve accuracy in putting?

Answered by DAVID BROWN

Veteran to moment player, former U.S. Open champion. Noted especially for his short game and accuracy on approaches.

Naturally, practice is probably the chief factor in getting accuracy, but there is a little device which the average golfer can use which ought to save him from two to five putts during a round of golf. Take your putter—supposing it to be of the clock type and file two little parallel lines on the top of it as shown in the illustration. Paint the inside of the blades white so they will show up a little better. Tie a mallet to the eye line up the ball in making the putt. Instead of keeping the eye on the ball while using this "trick" putter, keep the eye on the parallel lines of the putter and see that the ball strikes just as shown in the illustration.

## DR. HAERTL ASKED TO VISIT AND EXAMINE MINERAL SPRING

Saratoga Springs, Aug. 8.—A request on behalf of New York state has been forwarded to the Bavarian government to grant a leave of absence to Dr. Paul Haertl of Bad Kissingen to come to the United States next fall to examine conditions at the state mineral springs reservation here. In making the announcement yesterday afternoon before the annual meeting of the American Association for the Promotion of Hygiene and Public Baths, George Foster Peabody, a member of Governor Smith's commission for the development of the reservation, said the services of Dr. Haertl are sought for the purpose of extending the facilities of the Saratoga reservation.

On a visit here 12 years ago, Dr. Haertl reported the supply of water was several times that at Bad Kissingen, where 10,000 baths were given daily. One quarter of this number are accommodated at the Saratoga reservation.

When you see fine linen, beautiful glass and handsome silverware in the dining room, you may wonder that you will find Baker's certified flavoring good grocers. advt 5t

## ONEONTA WINS

Clark Abows Elmira But Four Hits and Giants Take Game by Score of 14 to 0

Oneonta Shatters Slam Offerings of Two Colonial Pitchers for 16 Hits—Topel Hits Homer with Sacks Loaded—Turk Hits Safely Four Times.

Elmira, Aug. 8.—Lefty Clarke held Elmira to four hits while Oneonta hit the offerings of two Colonial pitchers to all corners of the lot and the new-ones in the New York-Pennsylvania league won today's game, 14 to 0. Clarke was in full authority at all times and had the Elmira outfit gasping.

Turk and Topel starred at the bat for Oneonta, the shutout getting four hits out of six times up and Topel knocking out a home run with the bases full in the sixth, his third homer in four days. Four errors on the part of Elmira infielders proved costly and aided in the piling up of scores.

Hewitt, who first took the mound for Elmira was wild throughout the six innings he pitched. St. Denis, who relieved him, was not much better and the work of Marsh behind the plate for the Colonials was far from the best.

Six of the Oneonta scores were secured in the sixth inning. Hewitt hit Roseberry, who went to second, sacrifice bunt by Thomas and scored on Sheppard's hit to left field. The Oneonta catcher went to second when McGregor dropped Turk's grounder. After Clark had struck out, Fitch was passed, filling the sacks. Hughes singled to short and Sheppard scored when Marsh dropped Hanley's throw. With three on Harry Topel sent a terrific drive to left field for a home run.

## BARONS AND MINERS SPLIT THRILLING DOUBLE HEADER

Wilkes-Barre, Aug. 8.—Wilkes-Barre and Scranton divided a thrilling double header here today, the Barons winning the first by a 9 to 5 score and losing the second 5 to 4. Linquist was bumped in the first two innings and Scranton ran up a lead of five tallies. Harned went in and held the visitors without a hit to the end.

The Barons pounded Bishop and Ormand hard in the fifth and sixth innings of the first game. Scranton errors permitted the home club to tie and later pass ahead. Humphries stopped the clatter and then pitched the second game, which the Miners won in the seventh on singles by Spiers, Hood, and Head.

## How Johnnie Does It

By Feg Murray

Well, Johnnie showed 'em in his equally concerned coach. Big Johnnie, who can go just as fast in the little-used water of France as he can in the national drink in this country. From my observation and from sketches of the human fish, and from conversations with him and

Pauline, and from articles from the famous pen of the clever Clarence Bush of the Illinois Athletic club, the above diagram has been constructed. It dissects the perfect American crawl stroke, but does not tend to give the impression that our Johnnie swim-

mer is very different from many other champion swimmers. He is young, full of pep, has the supple joints and long, pliable muscles so necessary to a champion swimmer, as well as the secret of relaxation in the water.

Johnnie's form, as well as his strength and fighting heart, are re-

sponsible for his many world's records, but he doesn't "do his stuff" very differently from scores of other good swimmers—except perhaps in his breathing on every stroke, and his "planing" of the water more.

## OTSEGO SCHOOL MEETING.

Lesson Passed Pleasantly—Two Trustees Elected.

Otsego, Aug. 8. — The annual school meeting on Tuesday evening last passed off pleasantly and satisfactorily. The annual financial report showed careful and judicious management of the school's affairs. There was a good attendance and chairman V. N. Sherman embraced the opportunity to

that the good work would continue for the interest of the school and for the encouragement of the board in its arduous tasks, as the meetings of late have seemed very "lonesome." The newly elected members of the board to succeed those whose terms of office had expired are: Elmer E. Ferris, who succeeds Carlton E. Morrill, and Charles H. Bennett, who was elected to succeed himself. The terms of each are for three years.

His Death Deplored. The death of Dr. William H. Cop-

The Misses Agnes, Doris and Eleanor Armstrong and Misses Sylvia Icarrell and Olive Wagner, all of Rutherford, N. J., who have been spending six weeks in the DeLong camp return to their home Monday.

## School Meeting.

The annual school meeting of District No. 1, town of Milford, was held at the Milford school building Tuesday evening. W. L. Morrill was elected a trustee to succeed himself and the usual business of the meeting was transacted.

## Dr. Green Returns to Brooklyn.

Dr. L. H. Green, who had been spending a two weeks' vacation with friends in Milford and vicinity, returned the first of the week to Brooklyn. Dr. Green, who practiced medicine in Milford three years, and who opened an office in Brooklyn a few months ago has been very successful in the city, which will be pleasing news to his many friends here.

## SUNDAY SCHOOL PICNIC.

Annual Outing of Schenectady Methodist Children Next Thursday.

Schenectady, Aug. 8. — The annual picnic of the Methodist Sunday school will be held on Thursday, August 14. All attending are requested to furnish sandwiches, a covered dish and necessary dishes and silver. Not alone is this picnic intended for members of the Sunday school but all in the congregation and friends of the church are cordially invited. Dinner will be served at 12 o'clock and the men will be well taken care of at the noon hour. The picnic is to be held in the large orchard in the rear of the E. E. Boardman home on Main street. Be sure and come and bring your friends.

## Boy Scouts Break Camp.

The Boy Scouts of Schenectady troop broke camp at Crumhorn lake shortly after noon on Friday after a week's outing. Ten scouts, with a scout master and two assistants, had one whole week of outdoor life that will be talked over by them for some time to come. Every individual shows marked improvement for the outing.

## Personal Mention.

Mr. and Mrs. Yale, Boardman of Johnston are in town at the home of the former's parents, Mr. and Mrs. E. Boardman, on Main street. — Miss Ida Boardman, who has been spending several weeks at Johnston, Gloverville and places in the Adirondacks, returned home Thursday. — Mrs. Albert Tillman of Schenectady with her two children, Richard and Jeannette, are to remain for the next two weeks at the home of her parents, Mr. and Mrs. George Boardman on Arch street. Guests expected on Arch street. — Misses Agnes, Doris and Eleanor Armstrong and Misses Sylvia Icarrell and Olive Wagner, all of Rutherford, N. J., who have been spending six weeks in the DeLong camp return to their home Monday.

## Dave Lockery Home.

Dave Lockery has returned from a week's visit at Oneonta, where he was visiting his mother, Mrs. Lockery, and his father, Mr. Lockery, who are both in the city.

### LOCAL MENTION

The preliminary semi-final round in the men's singles city tennis championship tournament must be played off by Tuesday night so that the semi-final round may be finished by Saturday.

Co. G. band is planning to give a concert on the Community house grounds at Unadilla on Saturday evening, August 16. In case of stormy weather the concert will be postponed until Monday evening, Aug. 18.

The final match for the city men's doubles tennis championship will be played on the Normal courts at 2 o'clock this afternoon. Damon L. Getman and Marcus B. Hemstreet will oppose Ernest Caswell and Gaylord Smith. The match promises to be a very fast one.

The Community picnic today at the Pearsall farm, Cooperstown Junction, is something not to be forgotten. Exercises begin at 9:30 this morning and last until well into the afternoon. A fine program with speeches, cattle judging, land and vocal music, quoit pitching and a baseball game. Let everybody go.

There will be no Twilight league baseball games until Wednesday afternoon, due to the fact that the league will be unable longer to use the Neahua park diamond, which park officials have reserved for the exclusive use of the Oneonta Giants. Future Twilight league games will be played on the diamond back of the ball park. This diamond is now being put in condition and will be ready on Wednesday. A new schedule, revised to meet this condition, will appear in The Star of Tuesday.

A throng which packed Municipal hall to the doors was present at a meeting of the Ku Klux Klan held last evening. Several days ago many residents of the city and vicinity received cards entitling them to admission if they cared to hear the ideals and purposes of the Klan expounded and from the size of the crowd present apparently few who received the invitations failed to attend. A national official, whose name was not announced, spoke at the meeting, noting forth in very frank terms the nature of the movement. An orchestra furnished music at intervals during the evening.

### Fire Destroys Large Barn

Spontaneous combustion is thought to have been the cause of the fire on Friday evening which destroyed a large barn at Davenport, South Side, situated one mile on this side of the road leading to West Davenport. Both this year's and last year's hay crops which had been stored in the building were completely destroyed, the barn having been used exclusively for the purpose of storing hay. The owner, Frank O. Bouton, a cattle dealer, formerly of Oneonta but now of Syracuse, was absent at the time of the fire and it is no known whether the loss was covered by insurance. The building which was on a vacant farm owned by Mr. Bouton, was wrapped in flames before the fire was discovered, the uncontrolled blaze growing to such an extent that it attracted quite a crowd of on-lookers.

### Soc Still Socking

Socrates Peros and Steve Stanos, proprietors of the shoe shining parlor at 218 Main street, followed a battle of words by a battle of fists last evening and at its conclusion the latter swore out a warrant for Socrates' arrest on a charge of assault. Officer Walley took the man in custody and he was later released on bail for a hearing in city court this morning. Socrates is having a busy pugilistic career these days. Only a few days ago he was arrested for fighting in the street.

### HIGH SCHOOL CROWDED

Lack of Room Makes Necessary Considerable Change in Schedule—New Teachers Engaged.

A continuous session from 8:30 o'clock in the morning until 4:30 in the afternoon will be necessary at the Oneonta High school with the beginning of the fall term because of the lack of facilities to accommodate the large number of students expected to register. The seating problem at the school has been growing more serious each year and this year the problem of how to accommodate 450 students with only 340 seats available has led to the creation of the new schedule. The plan of holding two separate sessions daily was at first considered but was abandoned because it would have entailed the practical doubling of the teaching staff.

There are now 563 prospective students, including those in the eighth grade and the first, second and third years of high school last year, and it is expected that the registration at the opening of the year will approach 625 and will increase to from 650 to 800 during the year.

The day is divided into eight full hour periods, the first one beginning at 8:30 and each one an hour later beginning on the half hour, the last one ending at 4:30. There is to be no noon hour in the old sense of the term. However, each teacher and pupil will have a period off for lunch but there will be classes meeting both of these periods also. This will give only an hour for lunch. It is now planned to have better cafeteria service during the time from 11:30 to 1:30. The teachers' room will be reserved for the use of teachers during that time.

In general the school day for each teacher as well as each pupil will cover only seven periods; from 8:30 to 3:30, or from 9:30 to 4:30. Each teacher will have one of these periods for lunch and six school periods, either six classes or five classes and a study hall period.

It has been found necessary to give a few teachers a schedule beginning at 8:30 and ending at 4:30. Such teachers will have only six school periods but an "off" period will occur during the day. Some pupils will also have such a schedule some days, especially those students delinquent in this work. Generally speaking a student will not be required to be in the building except when he has classes. This will obviate the necessity of large study hall groups and the problem of providing seating facilities for these groups.

### New Faculty Members

The High school faculty will contain several new members this year. Miss Dorothy Newton of Wallingford, Vt., will succeed Miss Violet Tripp as instructor in Latin and English and Miss P. Marian Wolf of Homer will succeed Miss Ethel Madenay as head of the Biology department. Miss Jessie M. Case of West Winfield, a graduate of Syracuse university, has been added to the teaching staff and will instruct in English and algebra. Miss Erna J. Ingersoll of Ilion, also a Syracuse graduate, will succeed Miss Louis Wagner as instructor in elocution and public speaking. The successor of Miss Anne Kraft as head of the sewing department will be Miss Evelyn Brown of Bath, a graduate of Elmira college.

### Regents' Results

Of the 1405 papers sent to Albany for grading, 1000 were returned, but 24 academic papers were returned as rejected, an average of only 1.7 per cent. The rejected papers were well scattered over the various subjects, an indication that all or the subjects were properly taught. This is a remarkable record and reflects great credit upon Principal H. G. Vandusen and his teaching staff.

### Days for Registration

High school sessions will start on September 2 and students will register on August 27, 28, 29 and 30. Freshmen will register the first day, Sophomores the second, Juniors the third and Seniors the last day. Students with names beginning A to H will register in Room 22 and those with names beginning I to Z in Room 23. By reason of a carefully worked out plan which involves the giving to each student as he registers a card showing his schedule of classes the confusion usually incident to the beginning days of school will be eliminated. The preparation of these cards has kept Principal Vandusen and his secretary busy for several weeks.

### CIRCUS STARTS MONDAY

Amateur Program Is Arranged for Knights of Birmingham Benefit Next Week.

The Social Circus to be held under the auspices of Reddaway cavern, Knights of Birmingham, and for which preparations have been going forward for some weeks, will start on Monday next, the first show under the "big top" on the Wilson flats starting at 7:15 o'clock, immediately after the display of free attractions.

In addition to the general circus features there will be vaudeville stunts and Frank's Western Rodeo, which will consist of fancy riding and shooting, wild steer riding, cowboy and cowgirl broncho busting, calf roping, steer wrestling, high jumping and other interesting events, all depicting the life of the western plains. The popularity contest is becoming an institution at the circus. Interest while the health baby contest is coming in for its share of the favorable comment. The judges in the health show will be P. L. Winsor of Laurens and Dr. M. Latcher and Dr. L. S. House of Oneonta. Mothers are invited to enter their babies at circus headquarters, 252 Main street. The results to date in the popularity contest follow:

### ROTARIANS AT AWENGA

Delegations from Oneonta, Cobleskill and Cooperstown spend afternoon and evening at Boy Scout Camp.

About 50 Rotarians from Oneonta, Cobleskill and Cooperstown were guests at the Boy Scout camp at Gilbert lake yesterday and the occasion proved a most enjoyable one for both the men and the boys. The Scouts repeated the hospitality which made the visit of Oneonta Kiwanis club to the camp on Wednesday so pleasurable so the success of the party can be imagined.

During the afternoon quail pitching and baseball were in order. Ray Leonard of Cobleskill was easily the star of the quail pitching, coming upon one occasion at least three feet from the peg. There were several baseball games, the Scouts against the Cooperstown Rotarians, the Rotarians against themselves, and Oneonta Rotary against the world. Among the brightest stars were Dr. George J. Dunn, Prof. A. M. Curtis, Frank Gurney, W. H. Hoffman and Jerry Wilson of Oneonta Rotary and George White, William Bronner, Frank Shipman, Ceylon Lippert and George Carley of the Cooperstown club. If anyone says that they did not play brilliant baseball they probably didn't. The identity of the under was carefully hidden but it is rumored that it was M. G. Keenan and that he made as poor an official as Lynn Gardner did at the Kiwanis day game.

Dinner was served at 6 o'clock and was warmly enjoyed by the Rotarians and their hosts. An inspection of the camp was made and all were satisfied that the situation for the camp is ideal and that Director Bonbeck is managing the camp affairs in a very satisfactory manner.

### Slight Auto Accident

Mrs. Carl Conrow of South Side received slight injuries to her back when the Ford coupe in which she was riding with her husband and their young son on South Side last evening and the Chevrolet roadster owned and driven by Irving Whitney of Rose avenue sideswiped while passing each other from opposite directions. The coupe was pushed into the ditch and turned over on its side. Mrs. Conrow was taken to her home and was there attended by Dr. E. H. Mark. Neither car was badly damaged.

### MONDAY TO BE BIG DAY

Plans Being Made for Rousing Reception to Giants at Their First Home League Game.

Plans for making Monday, when the Oneonta Giants play their first game at home since entering the New York League, one of the biggest of the day in the history of the city are being rapidly completed by a number of the casual association. It is hoped to pack the ball park with fans anxious to see their favorite team compete in action against Williamsport, circuit leader.

Mayor W. Irving Bolton will be present and will pitch the first ball. There will be a band to furnish music between innings. Other interesting features are under consideration for the afternoon.

John H. Carroll of Auburn, president of the team and secretary of the National Association of Professional Baseball clubs, the ruling body of organized baseball, will be present on Monday and will pitch the first ball. He is expected to give one of the team's fans a special gift.

It is also planned to hold a Rooster Day on Thursday, when Oneonta will open a series at Neahua park. Tickets will probably be sold in advance and every endeavor will be made to pack the stands. An effort will be made to have the fans cheer their team for part of the afternoon.

The news that Oneonta had overachieved Elmira yesterday, 14 to 9, was received with great interest by the fans and much enthusiasm concerning the team was noticed. It is believed that there is a revival of baseball interest in the city and if the Giants continue at the clip they are now going it is thought that there will be greatly increased attendance at the games.

## Pretty Girl Officer Blinds "Spiritual Vision"

Because his "spiritual vision" failed to glimpse the fact that Pretty Cecile Duncan (left) was a police operative, Dr. John Bertram Clarke (center), priest of the Church of Cosmic Truth, is confined to the psychiatric ward for observation. Clarke is charged with contributing to the delinquency of Clara Tautzin, 18, (right). A file, seized by police, revealed the names of more than 1000 women whom Clarke is alleged to have swindled with promises of fame and fortune through his strange cult.

## BURGLAR GETS \$100.

Home of Albert Rice at East Delhi Robbed Thursday Morning.

Delhi, Aug. 8. — A burglar at East Delhi got away with about \$100 during the early hours of yesterday morning, but not without a short struggle. The home of Albert Rice was entered by removing a screen from the window of the room where Ernest Sprague, a boarder at the Rice home, was sleeping. Mr. Sprague was awakened by hearing someone in his room, and when he spoke the burglar made haste to get away, having in his hands a pair of trousers belonging to Mr. Sprague. In one pocket of which was his purse containing about \$100 in cash and a check for nine or ten dollars. Mr. Sprague grabbed one leg of the pants and the burglar struggled to reach the window, upsetting a small stand that stood near it and this retarded Mr. Sprague so that the burglar leaped out the window, the pants, which were badly torn in the struggle, still in his hands. He dropped them outside on the grass, having first secured the purse. Mr. Sprague and Mr. Rice quickly dressed and started in pursuit, but the thief had made good his escape in the darkness. The sheriff's office was called by phone and the officers were soon on the spot but no car and no person could be located. Searching by daylight

two deaths have occurred in Walton within the past few days. George Gould, for many years a progressive farmer of Beersburg in Walton township, died August 1, aged 81, and the funeral was held at Walton village Sunday. His one surviving child is a daughter, Mrs. James Goodrich, who with her family, resided with him on the farm. Mrs. Reville, the widow of William Reville, died very suddenly at her home in Walton village Sunday morning. She had been in her usual good health and had been out the evening before with her daughters. When stricken she was dead by the time they could reach her bedside. Her maiden name was Sarah Gray, and she is survived by her father, George Gray, an aged Civil War veteran, whose home was with her, also by two daughters and one son, all residing at home.

## WORST FORM OF INDIGESTION

Disappeared Under the Faint Treatment — "Fruit-a-tive"

People are often amazed when they hear of a case like Mrs. Hammond's. Yet it is the most natural thing in the world to eat plenty of fruit for Indigestion, Dyspepsia and other stomach troubles—and to try and overcome Constipation and Biliousness by eating Fruits and Prunes.

"Fruit-a-tive", made of the infallible juices of apples, oranges, figs and prunes combined with lemon, will remove stomach and bowel troubles.

Mrs. E. C. Hammond, 2185 Sykes St., Groton, N. Y., says: "Last February, I started using 'Fruit-a-tive' for Indigestion and Constipation of the worst kind. 'Fruit-a-tive' entirely relieved me and I would not be without your valuable 'Fruit-a-tive' in the home."

WHAT do you look for in the car you buy? Let's see what Paige gives. And let's see what others — costing more — have to offer.

First — comfort. Paige has 131-inch wheelbase. Few cars are longer and they cost far more — yes! — \$200 to \$1000 more for each extra inch!

Paige's rear springs are more than 5 feet long — 4 snubbers. Greater spring

suspension is not to be had!

What power do others offer? Many cars costing \$400 to \$1100 more than Paige have piston displacements of 260 cu. in. to 314 cu. in. Compare these with Paige's 331 cu. in.

Weight indicates sturdiness. Several cars costing \$2175 — \$2300 — \$275 — even \$2665 show less weight than Paige's 3650 lbs.!

Try Paige's performance and comfort.

# PISA and Its Famous Leaning Tower

CAMPO SANTO,  
FILLED WITH MAGNIFICENT  
STATUES, FRESCOS AND PAINTINGS

City now five miles further inland than in the days of its splendor; sea receding. Magnificent buildings made from the spoils of war when Pisa's conquests extended far and wide. Hatred and rivalry between Pisa and Florence. Constant wars with Sicily. Fifty-three shiploads of earth brought from Mount Calvary for the burial place of her famous dead, in Pisa's beautiful Campo Santo.

By LILLIAN HAYDEN HUNTON

THE galleries of the Campo Santo are veritable museums. They are filled with magnificent frescoes, statues, bronzes and bas-reliefs. This sacred place, the holiest of all, was brought into being from the spoils of war. In the walls of the Campo Santo, the history of the city is written in the names of her famous dead.

The city was much nearer the sea once than it is today, owing to the receding of the sea. In some places the coast is washed away and in others it is increased. Pisa was a very important city with an enormous commerce and large fleets of war vessels in olden times. The ruling class was her aristocracy and all important positions were filled by members of this privileged set. Many of them were men of great learning and sound common sense as well and brought the city up to a point of extreme power and magnificence. The whole region is extremely fertile and there are also in the

history of Europe. Even when Rome was young and reaching out for lands and power there was a settlement here and we read that in 225 B.C. it was a fortified city and called to take possession. In 180 B.C. it became for a short time a Roman colony.

great men like Michel Angelo were to be had for the asking and he it was who was invited to come and design the great altar. John of Bologna was responsible for the marvelous bronze doors and the mosaics were after Cimabue.

## The Tower

Perhaps the most fatal for Pisa was the tower. It was built by the people of Pisa and it was the tower that made Pisa famous.

In all Italian cities the dome of the cathedral is accompanied by an equally beautiful bell-tower and there is no exception in Pisa. The cathedral group is a masterpiece of architecture.

climbing up until one is at the very top and looks down. There is little protection at the edges of the vast mosaic platform and now it is wise not to go too near. At the top there is a large bell and as of course this hangs perpendicularly the effect against the wall of the tower is very odd.

peaceful places, dreaming of the past and singularly restful and picturesque. The tourist goes there, drives out to the Campo Santo, goes up the winding stairs of the leaning tower and into the lovely cathedral and baptistery, admires the beautiful bronze doors, the statues and frescoes and takes the train for some livelier place. It is just this atmosphere that rests the nervous, active American if he will accept it. He may not realize why these old

sleepy places in Italy refresh and recall him. One goes back again and again and longs for them when far away. It is just this. Their history is all made. Everything is finished and at rest and one is soothed by it unconsciously. I myself have lived so long in these old, dreamy, picturesque, art-laden places that after a short time in the modern, noisy, rushing tumult of our busy American life my whole nature calls out and demands just this old-world stagnation again. As I write this I am up among the clouds in a tiny town so old that it smiled when Rome was born. Humanity with its wars, its rivalries, its heartaches and its dreams, its deeds of kindness and its loves! How it crowds its little span of life. I think, perhaps, those with a wider vision may watch us from some distant sphere with tender pity or with sorrowing wonder.

## Oak Tree Is Poetry Classroom

No classroom of dead timber, brick and stone would serve to teach a throbbing vital subject like Modern Poetry. So Vachel Lindsay, world-known American poet (in right foreground), picked a giant oak tree on the campus of Gulf Park College, a women's college, at Gulfport, Mass., for his classroom. The gentlemen to the left is Dr. Richard G. Cox, president of the college. Star students recite out on the limbs and in the branches of the beating boughs of the Gulf of Mexico a few feet away gives accompaniment to their rhythmic poetry.

## OTSEGO COUNTY PICNIC

Plans Completed for Big Event Next Week Saturday at Cooperstown.

Funions Economical to Speak.

"We can't get a corner on the world market and raise the price."

"No merchandising policy on our part can influence upward the world price of wheat or other agricultural products of average quality."

"The outstanding success of Denmark in international marketing has been accomplished by right standardization."

"The individual producer cannot market his products abroad in a practical manner. He must combine with others."

Above are a few expressions only given in a recent interview by Louis G. Michael, foreign agricultural economist of the United States department of Agriculture, and they have special interest to the farmers and others of Otsego County for Mr. Michael will be the speaker at the Otsego County picnic to be at the Fair grounds in Cooperstown on Saturday, August 16.

Mr. Michael has just returned from a trip of investigation and by previous

training and recent experience he is well qualified to give his listeners addresses that will be well worth while. The address will take place after dinner and will be preceded by a concert by the Burlington Elks band and a community sing.

These are but two of the many big features of the county picnic which has fair this year to surpass in interest and attendance all of the successes of the past. There are the athletic events under the direction of the Junior High department, which will take place in the morning; there will be the exhibitions of hats and wearing apparel by the Home Bureau; there will be the base ball game between the Otsego Red Sox and the Cooperstown Independents; there will be the trips on the Otsego Lake steamer, and there will be a great dance at Stanley's New Otsego Lake pavilion in the evening.

The day will be replete with events; there will be something doing every minute—something entertaining and worth while. In fact, no effort has been spared to make this the most profitable and pleasurable picnic yet held and it is practically certain that the committee and the cooperating organizations have assured the accomplishment of their purpose. But after all, the feature that stands out over and above each of the others, and all combined, is the fact that

it is a hand-shake, the hearty greeting, the friendly word—these will represent the big thing that you will get out of the County picnic—the thing that you will take away with you and remember longest.

"Meet me at the County Picnic!"

The State Highway bureau has started the construction of the third of the four parts of the deposit back to the highway to the Hamlet. The road will be of concrete, 12 ft wide, and the contract price is \$100,000. It is expected that work will begin at an early date.

The long Island cauliflower crop, the early part of it, is about gone, and the late crop is still some distance away. The weather conditions have been bad on the island, and as a result there will doubtless be high prices for the cauliflower crop.

There was large attendance last week at the American Legion convention at Andes. There were ball games and exhibitions of skill in riding, the latter by the state troopers, and in the evening there was a banquet furnished by townfolk, at which there were addresses by Linn B. Jones, Jr., Arthur Worth of Walton and Rev. J. A. Judge of Oneonta. The banquet was followed by a largely attended dance, and the total receipts for the day were about \$250.

Chancelier T. Leroy Muir will take his large tent tabernacle to Andes for a summer conference, starting August 17 and lasting for two weeks through August 21. The services will be inter-denominational in character and Christian workers are expected from all over the county.

Fourteen citizens showed enough interest in the affairs of the Franklin school to attend the annual meeting Tuesday evening. Dr. E. H. Rose and E. C. Johnson were re-elected members of the board of education. The amount voted to be raised by tax this year is \$6,170, which will mean a tax rate of \$15 per thousand, the same as last year. In addition to the regular budget it was voted to empower the board of education to raise \$2,500 for extraordinary expense, the tax to be spread over five yearly payments.

A tentative draft of the budget of the Walton High school for the coming year calls for a total of \$14,875. Estimated receipts are \$25,000, leaving \$10,125 to be raised by tax.

Principal Wedge of Jefferson, it is understood, will leave the county in September. A vacancy at Bloomville was caused by the death of Prof. O. H. Hill, recently at Richmond.

Jacob Catter landed the bass of the season Friday for the Schenectady when he hooked a granddaddy that measured 21 inches and weighed three pounds and fourteen ounces. The bass have not been biting good this season and very few good catches have been made in this vicinity, because of the low water and unseasonable weather.

Edmonston will hold its big annual Field day on Friday, August 15. Great big day. There will be two big ball games, one at 10:30 and one at 2:30. The 2:30 game will be with East St. John's team. Portington Elks band will play and numerous other attractions will make the day one of great interest to all visitors.

A meeting of the Democratic congressional committee for the 25th district, comprising Columbia, Greene, Ulster, Schoharie and Sullivan counties, was held at Hudson Monday at which time William C. DeWitt, ex-postmaster of Kingston, received the committee's designation for member of congress for the district.

The Few Who Make Trouble. In spite of the number of accidents chronicled along the road, it is still true that most drivers of automobiles are careful.

In addition, most of them are courteous and pleasant, both in their relations with each other, and in their dealings with pedestrians.

It is possible, however, that many of these drivers are not so careful as they seem. They are not so careful as they seem. They are not so careful as they seem.

If this were not true the highways of the state would resemble battlefields, strewn with dead and dying. For the traffic stream is steady and heavy; opportunities for accidents are present every time two automobiles pass.

This is all the more reason why the occasional offender against good sense, good taste and good times should be removed from the highways. For the thousands of careful, decent drivers demonstrate that it is entirely possible to operate automobiles so as to make such operation pleasant and profitable to all.

## Senorita

Senorita Bianca Loudres, who came to this country with Luis Arge Fipo, didn't even get a look-in at the United States of Immigration. She is on Ellis Island shipped her out to Havana, Cuba, on the first boat. The girl was supposed to be Mr. Fipo's secretary, but examination revealed she didn't know a single word of English.

## Baboons Fond of Jazz; Tigers Don't Like It

Los Angeles.—Playing a waltz puts a tiger to sleep; lions come nearest to laughing when they listen to a saxophone, and baboons are almost human in their weakness for jazz, psychologists and students from several California universities and colleges have deduced.

The scientists invaded a motion picture zoo here with a noisy orchestra and carried on numerous experiments to obtain accurate data on the reaction certain types of music might be expected to produce in various kinds of animals.

While professors and students took notes the musicians ran the gamut of melody from lullabies to jazz tempes. Inside the cages the following results were observed:

Jazz numbers: Angered the tigers. The baboons danced to a tune built up on a once-prevalent scarcity of bananas; a brown bear went into a tantrum when confronted with a moaning saxophone. An elephant ignored the orchestra ensemble, shied at the bass viol, trumpeted at the roll of a drum, but appeared immensely pleased with the trombone.

The mountain lions were not much interested. And Mary, the one smoked cigarettes through the whole two-hour performance.

Denaturing Debate. A French doctor claims to have discovered a cure for snoring. He may thus be the means of eliminating one deplorable feature from parliamentary debate.—London Punch.
